Applicant's arguments filed 1/30/08 have been fully considered but they are not fully persuasive.

Allowable Claims:

Claims 1-11 are allowable.

Withdrawn Claims:

Withdrawn claims 12-19 and 22 are rejoinable in accordance with In re Ochiai for product, process of using and process of making claims. However, the process claims need to be amended to be of the same exact scope as the allowed product claims. It is respectfully requested applicants do so to place all remaining non-allowable claims in condition for allowance.

102/103:

Claims 20, 21, 23, and 25 are rejected under 35 U.S.C. 102(b) as anticipated by or, in the alternative, under 35 U.S.C. 103(a) as obvious over Patel '716.

This rejection remains because these claims have not been amended in accordance with now allowable claims 1-11. Applicants derived support for newly amended claims 1-11 from Table 2 of their original disclosure. This can easily be overcome by amending the process claims they depend upon to be of the same scope as allowable claims 1-11. By doing so, these product by process would be then allowable.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
